Report description:

Colour cosmetics continued to make a strong recovery from the COVID-19 pandemic in 2022, with double-digit growth in current value sales. Lower purchasing power was an issue for much of the Algerian population in 2022, resulting in weaker retail volume growth. Colour cosmetics was one of the worst hit categories during the COVID-19 pandemic as, with little opportunity to socialise or spend time out of the house, consumers paid less attention to their personal appearance. This led to less use of...
