Report description:

Contact lenses is set to deliver single-digit growth in current value terms in 2023, with it expected to be the most dynamic category within eyewear. After the decline seen in 2020, which was linked to the arrival of the COVID-19 health emergency, sales saw a solid recovery in 2021 thanks to the successful vaccination campaign. The category continued to show excellent results in 2022, especially in the first quarter, which allowed value sales to exceed 2019 levels. Sales also benefited from the...
