Report description:

Deodorants suffered a decline in demand in 2020 due to COVID-19 and the restrictions on out-of-home activities. However, in 2021 deodorant value sales started recovering and in 2022 reached value sales levels of 2019. This recovery was driven by two factors: consumers switching from expensive products like fragrances to more affordable options like deodorants and the rising demand for deodorants with natural ingredients and longer-lasting efficacy. Deodorants sprays remained the largest and cont...
