Report description:

A wide range of beauty salons and professional treatments are negatively impacting the market of depilatories. This includes the rise in popularity of services such as waxing, electric depilation devices, laser removal and other mid-or long-term depilation methods. Hair removal services gained a lot of popularity in 2022 as beauty salons increased their influencer marketing spending, which was widely seen across social media platforms. This increased the awareness of these services while enhanci...
