Report description:

Fragrances continued to show a dynamic performance in Italy in 2022 after having already returned to pre-pandemic levels in the previous year. The category continued to grow thanks to Italian consumers feeling keener to socialise as the immediate threat from COVID-19 was perceived to have waned in 2022. Many consumers returned to working in the office more frequently and generally increased the frequency with which they went out of their homes, with the state of health emergency ending in March...
