### **Report description:**

Fragrances in Spain saw positive growth for the second consecutive year in 2022, with retail constant value sales exceeding pre COVID-19 levels. The removal of pandemic-related restrictions saw consumers return to their physical workplaces and resume socialising outside the home, which meant that they used fragrances more often. The revival of gatherings and parties for festive occasions, which had been postponed during the pandemic, supported the strong performance of fragrances in 2022. Premiu...
