Report description:

In 2022, demand for styling agents improved due to the increased number of opportunities to spend time outside of the home, while colourants recorded a positive performance, appealing to consumers of various ages who enjoyed experimenting with different styles of hair colour, including adding bleach to colour. Demand for shampoos and conditioners/treatments that were part of basic hair care routines remained steady, with both categories recording marginally higher current value growth, driven by...

Euromonitor International's Hair Care in Japan report offers a comprehensive guide to the size and shape of the market at a national level.
