### **Report description:**

The war in Ukraine had a negative impact, with the resultant energy crisis leading to high inflation and dampening volume sales somewhat. That being said, the appreciation of the Dominican peso against the US dollar tempered inflation slightly, making imports slightly less expensive. With this backdrop, beauty and personal care registered a double-digit increase in current value sales in 2022, though growth in constant value and volume sales was much more moderate. The higher prices led to a deg...

Euromonitor International's Beauty and Personal Care in Dominican Republic report offers a comprehensive guide to the size and shape of the market at a national level.
