Report description:

Fragrances were negatively impacted by pandemic lockdowns, as with people spending significant amounts of time at home and not meeting with other people and socialising, there was less demand for fragrances. In 2021, with society gradually opening up and people wanting to present themselves well, fragrances registered healthy current value and volume growth. While further growth was registered in 2022, the pace of growth seen in the previous year could not be maintained. The general less optimis...

Euromonitor International's Fragrances in Estonia report offers a comprehensive guide to the size and shape of the market at a national level.
