Report description:

Sun care in Chile continued to experience a strong performance in 2022, with the category recording double-digit volume and value growth for a third consecutive year. In fact, sun care sales have doubled compared to pre-pandemic levels. One of the main drivers of this growth in 2022 was sun protection, particularly the mass segment. Local consumers are becoming increasingly aware of the harmful effects of the sun on their skin and are therefore seeking products to help prevent sunburn and early...
