Report description:

Within the sun care category, volume sales of different products experienced strongly opposing growth trends in 2022. Products such as aftersun and self-tanning registered significant declines, partly as a result of consumers looking to focus reduced spending power on essential items. At the same time, the revival of travel and increased time spent outside, as well as rising consumer health awareness, supported increasing sales of sun protection. Nevertheless, premiumisation and general price in...
