Report description:

Two years of double-digit current value decline were seen for sun care in 2020 and 2021, as COVID-19 lockdowns and social distancing rules saw people work, study, and socialise with family at home, and they generally spent much less time outdoors, limiting the need for such products. However, as consumers stepped out of their homes more frequently in 2022, thus needing to use sun protection, sun care returned to growth in Vietnam in 2022. Sun protection remains a must-have item for many Vietnamese...
