### Report description:

In Thailand, demand for spectacles started to notably rebound in 2022, with retail volume sales fully recovering to pre-pandemic levels in 2023. This recovery can be attributed to several factors, such as a return to previous daily lifestyles and increasing demand for corrective eyewear. After spending almost three years at home due to lockdowns and social distancing policies, many consumers in Thailand are now returning to the workplace and schools, and are keen to replace their spectacles. Thi...
