Report description:

Home and garden in Taiwan experienced static growth in constant value terms in 2022, in contrast to the more buoyant performance of the previous year. While the country's inflation rate was relatively low compared to other markets in the Asia Pacific region, such as Singapore, spiralling food prices, exacerbated by supply chain disruptions arising from the war in Ukraine, placed a squeeze on household budgets. With the economic outlook looking uncertain, consumers were reluctant to spend their h...
