Report description:

Deodorant sprays continued to drive sales of deodorants in Hong Kong at the end of the review period, recording the highest growth rates in both retail volume and value terms in 2022. This is largely due to the perception among local consumers that deodorant sprays are more effective and long-lasting than other formats such as roll-ons, sticks and cream. The convenience of spray deodorants, which can be quickly applied and offer a wide coverage area, has also contributed to their popularity. As...

Euromonitor International's Deodorants in Hong Kong, China report offers a comprehensive guide to the size and shape of the market at a national level.
