Report description:

A substantial proportion of smokers have experimented with heated tobacco products since their introduction, and the user base is expanding, particularly in urban areas, office districts, and other locales frequented by smokers for brief respites. Unlike cigarettes, the marketing and promotion of these products is subject to fewer regulations, with branded packaging, appealing product assortments, and an attractive in-store display. Additionally, heating device manufacturers are permitted to mai...

Euromonitor International's Smokeless Tobacco, E-Vapour Products and Heated Tobacco in Hungary report offers a comprehensive guide to the size and shape of the market at a national level.
