### **Report description:**

New generation tobacco products, namely e-vapour products and heated tobacco, are under the spotlight in terms of developments and driving sales growth for tobacco products in Greece. Within vapour products, the key development was the introduction of disposables towards the end of 2021. Disposables captured a significant market share in 2022, and remained the growth driver for vapour products in Q1 2023. While the category remains rather fragmented with multiple brands present in different chan...
