Report description:

In 2021, Chileans enjoyed higher disposable incomes due to permission to make pension withdrawals in addition to government funded transfers, generating very high, and sometimes historic, growth rates across many categories of alcoholic drinks, including wine. This heightened demand was carried into the first half of 2022, despite financial aid ending in late 2021. However, in the second half of 2022, demand plummeted, resulting in a 6% total volume decline overall to take the category below 201...
