Report description:

The picture was bleak for alcoholic drinks in Dominican Republic in 2022. The war in Ukraine had a negative impact, with the resultant energy crisis leading to high inflation and dampening volume sales somewhat. That being said, the appreciation of the Dominican peso against the US dollar tempered inflation slightly, making imports slightly less expensive.

Euromonitor International's Alcoholic Drinks in Dominican Republic report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (2018-2022), allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they legislative, distribution or pricing issues. Forecasts to 2027 illustrate how the market is set to change.
