Report description:

After a strong recovery in economic activity during 2021 with GDP growth of more than 7%, the performance of Morocco's economy stood at 1.3% in 2022, due to an unfavourable economic situation, especially for the agricultural sector, which was strongly affected by a rainfall deficit. The geopolitical context in Europe linked to the war following the Russian invasion of Ukraine continued to fuel the rise in commodity prices at the international level. These same tensions were also felt at the nati...
