Report description:

Despite price hikes, beer continued to witness volume growth in 2022 supported by the recovery of the on-trade. Significant unit price increases were visible across all product categories as rampant inflation pushed up costs and producers were forced to protect profit margins. The war in Ukraine had a notable impact on inflation, with supplies restricted and energy costs rising. Beer volume sales declined marginally in the off-trade, whilst the on-trade remained buoyant. After having collapsed i...
