Report description:

Following the economic downturn, Colombia has been on an encouraging path to recovery since the second half of 2021, with the growth trajectory solidifying by the end of 2022 when an impressive rise of 7.5% was registered. This economic resurgence can be attributed to a combination of factors, including the implementation of a substantial fiscal stimulus package that was enacted in 2021, a buoyancy in global oil prices, and a noteworthy increase in the exports of food and beverages. The latter,...
