Report description:

Total volume growth in spirits remains positive in 2022 as the category continued to recover from the pandemic. Moreover, the double-digit inflation that led to increased prices across many other consumer goods categories was less visible within spirits. On-trade performance also remains stable and fully recovered post-COVID-19.

Euromonitor International's Spirits in North Macedonia report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (2018-2022), allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they legislative, distribution or pricing issues.
