Report description:

In 2023, chocolate confectionery is witnessing muted growth in retail volume terms, with the economy slowing down and entering a technical recession in the first half of the year. Inflation remains high, but the economy is stable and hence consumer purchasing power has remained resilient. Still, when it comes to indulgent snacking occasions, such as chocolate confectionery, Lithuanians are consuming fewer products or are switching to more affordable options. Rising unit prices has largely sustai...
