Report description:

In 2022, both retail volume and current value sales of colour cosmetics in Germany saw a rebound. Consumers had more opportunities to spend time outside of the home and meet others, and were able to enjoy make-up once again. In many areas, wearing a protective mask was no longer mandatory in 2022, and therefore facial make-up, and lip products in particular, which was the most affected immediately after the emergence of the pandemic, experienced significant growth.

Euromonitor International's Colour Cosmetics in Germany report offers a comprehensive guide to the size and shape of the market at a national level.
