Report description:

Aggressive inflation has reduced consumer purchasing power in 2023, prompting shifts on the demand and supply side. Consumers are opting for more affordable snack options and are seeking substitutes for higher-priced products. To address this trend, manufacturers are focusing on developing cost-effective snacks that offer value for money. Additionally, there is a growing emphasis on reducing packaging costs, but without compromising product quality or safety. This has involved streamlining packa...

Euromonitor International's Snacks in Pakistan report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere. In addition to the latest retail sales data 2018-2022, it identifies the leading companies, brands and retail outlets, and assesses the key trends and demographic shifts behind consumer demand and sales growth.
