Report description:

In 2023, snacks is grappling with the challenges of elevated inflation, a common issue affecting various industries. Rising production costs and commodity prices have resulted in significantly higher retail prices, driving up the value of snacks sales. However, retail volume sales have experienced a decline as price-sensitive consumers prioritise saving money while shopping. Despite these challenges, consumers still demonstrate a preference for their favourite snacks, particularly when they are...

Euromonitor International's Snacks in Slovakia report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere. In addition to the latest retail sales data 2018-2022, it identifies the leading companies, brands and retail outlets, and assesses the key trends and demographic shifts behind consumer demand and sales growth.
