Report description:

Snacks is expected to register moderate constant value growth in 2023, but volume growth will be minimal. Continuing economic uncertainty as a result of Russia's invasion of Ukraine, the meteoric rise in inflation and tightening monetary policy is expected to dampen volume growth somewhat. In particular, inflation is expected to still be an issue, though its growth is expected to ease. As a result, consumers are expected to be highly price sensitive and prioritise value for money, with private l...
