Report description:

The Bangkok in Thailand report provides comprehensive city level information benchmarked against other cities in the country and region. The report includes historic data and forecasts on city population, consumer expenditure, digital penetration, wealth and other consumer topics. On top of the consumer analysis, economic city landscape is represented including statistics and projections for key macroeconomic, labour and transport indicators.

Euromonitor International's City Review reports analyse key trends and developments in 126 world's major cities. They provide localised city information in terms of economy, consumer lifestyles, housing and transport and city environment and offer valuable insights for strategic planning.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
