- Multiple User License (1 Site) €1650.00
- Multiple User License (Global) €2475.00

Report description:

Closed system single use was amongst the strongest performers in smokeless tobacco, e-vapour products and heated tobacco in 2022, albeit from a low base. The category's rapid expansion was in part down to the emergence of closed system single use products with different flavours. Indeed, this element of the appeal of closed system single use products has been enhanced by the ban on the sale of flavoured liquids for open vaping systems.

Euromonitor International's Smokeless Tobacco, E-Vapour Products and Heated Tobacco in Estonia report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2018-2022, allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be the new legislative, distribution or pricing issues. Forecasts to 2027 illustrate how the market is set to change.

Product coverage: E-Vapour Products, Heated Tobacco Products, Smokeless Tobacco, Tobacco Free Oral Nicotine.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?

- * Get a detailed picture of the Smokeless Tobacco, E-Vapour Products and Heated Tobacco market;
- * Pinpoint growth sectors and identify factors driving change;
- * Understand the competitive environment, the market's major players and leading brands;
- * Use five-year forecasts to assess how the market is predicted to develop.
