### **Report description:**

Ice cream consumption in Nigeria has taken a downturn in volume terms in 2023, following a significant drop in 2022. This decline can be largely attributed to the prevailing inflationary conditions spurred by a depreciated local currency and various local elements such as the surge in fuel prices. These factors have adversely affected consumer purchasing power, although economic conditions have stabilised somewhat in 2023 compared to the previous year. In addition, the first quarter of 2023 with...
