Report description:

Sugar confectionery is showing flat volume in 2023, which is expected to fall into small negative-figure declines over the coming years. Small positive value growth, on the other hand, is supported by increases in unit prices. However, overall, sugar confectionery is not a particularly popular snacks category in Portugal and, with low consumer spending power, this is an area which is taking a hit.

Euromonitor International's Sugar Confectionery in Portugal report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere. In addition to the latest retail sales data 2018-2022, it identifies the leading companies, brands and retail outlets, and assesses the key trends and demographic shifts behind consumer demand and sales growth.
