Report description:

Although the contraction seen in desktops and peripherals is modest in 2023, the factors that led to the decline in 2022 are still present. These are the devaluation of the Colombian peso against the dollar, spiralling inflation and the loss of non-VAT days. Dias Sin IVA were special days in Colombia when certain products selected by the government were sold free from value-added tax, with these boosting sales in 2020, 2021 and 2022 but discontinued after the latter year. All of this undoubtedly...

Euromonitor International's Computers and Peripherals in Colombia report offers a comprehensive guide to the size and shape of the in-home, portable and in-car consumer electronics products markets at a national level.
