Report description:

The pandemic-induced demand for computers in Singapore, particularly for laptops, has waned, with volume sales continuing to decline in 2023 as life returns to normal. A sales boom due to online learning, remote working policies and greater time spent at home, gave a boost to demand for computers and peripherals in 2020 followed by a more muted performance in 2021.

Euromonitor International's Computers and Peripherals in Singapore report offers a comprehensive guide to the size and shape of the in-home, portable and in-car consumer electronics products markets at a national level.
