Report description:

2023 marks a year of recovery for consumer electronics in the Philippines after spending two years in the red due to economic uncertainties created by the pandemic and elevated inflation. While sales have not seen a full recovery in retail volume terms, consumers are slowly gaining confidence, especially as life resumes to relative normality. With the World Health Organisation declaring the pandemic to be over in early 2023 consumers are no longer fearful of contracting COVID-19 while the econom...
