Report description:

The pressure on household incomes due to the very high inflation that has plagued Argentinian society for some time continued to discourage consumers from investing in imaging devices during 2023. However, economic uncertainty and the erosion of purchasing power were not the only reasons for falling sales of digital cameras and digital camcorders during the year. Portability has emerged as the most desirable attribute for consumer electronics devices among local consumers and digital cameras and...

Euromonitor International's Imaging Devices in Argentina report offers a comprehensive guide to the size and shape of the in-home, portable and in-car consumer electronics products markets at a national level. It provides the latest retail sales data, allowing you to identify the sectors driving growth.
