### **Report description:**

Imaging devices experienced a huge decline in demand during the review period with this pattern continuing into 2023. Whereas in the past consumers would often buy digital cameras to take on holiday or for special occasions such as weddings this behaviour is disappearing. Increasingly it is only professional photographers, hobbyists, or content creators who are still buying imaging devices. The mass market has now largely shifted towards using their smartphone's camera to take pictures and shoot...
