Report description:

The downward trajectory in retail volume sales of in-car entertainment predated the outbreak of the Coronavirus (COVID-19) pandemic and related restrictions on travel and consumer movement in general. The negative results in terms of demand continued during COVID-19 and as the country moved out the pandemic towards the end of the review period. Indeed, the rate of decline in retail volume sales of in-car entertainment accelerated from 2020 because of an increase in hybrid working arrangements an...
