### **Report description:**

2023 saw a continuation of the negative volume growth that was registered in mobile phones in Argentina in 2022. However, sales declines were more moderate during 2023 and this negative growth trend can be seen at least partially as a reaction to the huge jump that was witnessed in the category during 2021, when smartphones recorded a substantial double-digit increase in volume sales, although it is clear that volume sales of future phones are by now in terminal decline. Nonetheless, it cannot b...

Euromonitor International's Mobile Phones in Argentina report offers a comprehensive guide to the size and shape of the in-home, portable and in-car consumer electronics products markets at a national level.
