Report description:

The positive volume growth that has been recorded in sales of portable players since 2020 can be attributed entirely to the huge boom that has been seen in demand for wireless speakers. While demand in all other categories of portable players has declined consistently since the peak of the COVID-19 pandemic, including during 2023, portable players has continued to register rising demand entirely on the back of the positive performances being recorded in wireless speakers as demand for portable m...
