Report description:

Following the exit of portable media players from Singapore in 2022, wireless speakers is the only product category to drive demand for portable players in 2023. The convenience and ease of use make wireless speakers a popular device in the local market, especially due to being commonly used in conjunction with smartphones. Demand is set to further rise in the coming years as local consumers are likely to prefer wireless options for convenience and greater mobility.

Euromonitor International's Portable Players in Singapore report offers a comprehensive guide to the size and shape of the in-home, portable and in-car consumer electronics products markets at a national level. It provides the latest retail sales data, allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market- be they new product developments, distribution or pricing issues. Forecasts illustrate how the market is set to change.

Product coverage: E-Readers, Portable Media Players, Wireless Speakers.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?
