Report description:

Retail volume sales of portable players remained static in 2023, as portable media players, epitomised by the iPod, continued on their path of decline. With the rise of smartphones, consumers now have access to various media applications that provide similar features as portable media players, such as music and video playback.

Euromonitor International's Portable Players in Thailand report offers a comprehensive guide to the size and shape of the in-home, portable and in-car consumer electronics products markets at a national level. It provides the latest retail sales data, allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market- be they new product developments, distribution or pricing issues. Forecasts illustrate how the market is set to change.

Product coverage: E-Readers, Portable Media Players, Wireless Speakers.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
