Report description:

Portable players looks set to register a slight increase in volume sales in 2023 thanks to wireless speakers, the only expanding category amongst several declining categories. Portable media players has recorded a strong decline in sales as these products have continued to become obsolete. Consumers now rarely listen to music or watch videos on portable media players. Smartphones, televisions, tablets, computers, and wireless speakers are the most common devices consumers now use to watch videos...

Euromonitor International's Portable Players in Netherlands report offers a comprehensive guide to the size and shape of the in-home, portable and in-car consumer electronics products markets at a national level.
