Report description:

Gum is set to continue to see a decline in retail volume terms in 2023. In fact, gum in Japan has been suffering a long-term decline in volume terms due to the falling number of smokers, who are a key consumer group for the category. Moreover, the competition with other snacks, such as pastilles, gummies, jellies and chews, has been tough, as this category sees frequent innovation and new flavour offerings. At the beginning of the outbreak of COVID-19, gum saw a sharp decline as consumers were w...
