Report description:

Wireless speakers continued to drive growth in portable players in 2023, being the only product area to have recorded a positive increase in sales in retail volume terms. Compact, portable and affordable, as well as being compatible with "on-the-go" lifestyles, wireless speakers are rapidly growing in popularity among local consumers. Wireless speakers allow consumers to experience high-quality audio through connection with their mobile phones, laptops and tablet, especially when built-in speake...
