- Multiple User License (Global) €2475.00

Report description:

The war in Ukraine has had a detrimental impact on the travel industry in Kenya, including the booking sector. The conflict has resulted in an overall increase in travel costs, making it more expensive for individuals to explore various destinations within the country. The surge in fuel and food prices has contributed to a higher cost of living for the local population, affecting their ability to save for domestic holidays. Additionally, the escalated costs of air travel have prompted some inter...

Euromonitor International's Booking in Kenya report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest market size data 2018-2022, allowing you to identify the sectors driving growth.
