### **Report description:**

The cost of living crisis has not hindered the Slovakian's appetite for travel in 2023. The number of outbound departures is enjoying steady growth, although travellers prefer low cost destinations such as Bulgaria, Turkey and Greece over more expensive locations, and are economising when it comes to travel. This has been necessary for many as the price of package holidays, lodging and travel modes reported double-digit increases in 2023. Tourists are eager not to abandon travel plans altogether...
