Report description:

Airlines suffered heavily due to COVID-19, with passenger numbers at Finnish airports in 2020 dropping to less than one quarter of the level of the previous year. The number of people decreased further in 2021, and, despite triple-digit growth in 2022 and a projected double-digit increment over 2023, passenger numbers at the end of the review period are set to remain well below the 2019 pre-pandemic level.
