Report description:

Analgesics achieved strong double-digit growth in 2023 amidst stable consumer demand and rising unit prices caused by inflation. Systemic analgesics is outperforming topical analgesics in 2023, a trend that has been prevalent throughout the review period. Most consumers are far more familiar with systemic analgesics, having used them regularly, with many considering them more convenient. The trend for self-medication amongst consumers continues to positively impact the growth and demand for anal...
