### **Report description:**

Analgesics has not seen a positive performance in 2023 as the height of the pandemic has passed. During the pandemic's peak, consumers were buying up analgesics at a rapid pace to treat fevers, aches and other symptoms associated with acute infections resulting from the virus. Subsequently, another large wave of purchases was made as widespread vaccination campaigns took place throughout the country. To treat body aches, fever, and unpleasant side effects associated with the vaccination shots, c...
